<u>AMENDMENT AFTER FINAL</u>

Mr. Sember,

Thank you for taking the time to speak to me today, April 20th, 2006, regarding this application. Congratulations again on your honeymoon and the opportunity to work at home!

Enclosed on a separate paper are the claims as agreed to during the conversation. The amendments change dependencies from claim 2 (cancelled) to allowed claim 1. Also, the word "those" is stricken from claim 16. At the time of the conversation, we agreed that these changes brought the application into condition for allowance and did not introduce new issued.
